

TSFL Health Network

We invite you to join our growing force of health care professionals and Health Advisors in our quest to provide solutions to the growing epidemic of obesity and nutritionally induced diseases and poor lifestyle management.

There are several advantages to our program for both your clients and your business:

1. World Class Weight-loss and Disease Management Program.

The Medifast/Take Shape for Life nutritional intervention programs have been clinically proven at Johns Hopkins University to provide the highest quality solutions for your client's health. Becoming a member of Take Shape for Life gives your clients immediate access to a safe and effective medical based model for weight and disease management.

With over a million satisfied patients, 15,000 physicians and 24 years of experience our Medifast (AMEX: MED) meal replacements are the leaders in the industry.

2. Therapeutic Intervention Scores for Patients Improved

Our Johns Hopkins studies - including our latest diabetic study - show dramatic improvement in many key determinants of health. We are seeing the need to reduce or many times eliminate medications in diabetics, hypertension, high cholesterol and numerous other disease entities. Our nutritional disease management specialized products are eliminating the need for NSAIDS in arthritic patients and in women are allowing reduction in the need for the very controversial HRT therapy.

The risk benefit ratio of nutritional intervention as compared to pharmaceutical intervention is a concept that is long over due!

3. Turn Key Operation

Our program is designed to allow busy professionals like you to implement Medifast/TSFL programs with a minimal amount of training and require no inventory. We will train you (and any designated employee) and help you to rapidly become be fully operational. Once you learn how to get a client started, TSFL provides additional support for your clients at no additional cost to them or yourself!

4. Substantial Income Opportunity with Minimal Overhead

We have a time proven formula that handsomely pays Health Advisors and Health Care Professionals for their oversight and coaching of their clients who are on the program. The income potential can be quite substantial. Even as a stand alone Health Advisor servicing 100 clients on the program, your income potential could be an additional \$7000 of income each month. Further, there are no inventory costs and no additional overhead. Once established, your clients can order their meal replacements directly using an 800 number or via your co-branded website. When clients reorder, you get paid indefinitely.
